

Win the Pig

Place 8 cones in a circle and have each player stand by a cone. If there are less players, put out less cones.

Give each player a number 1-8. Make sure they remember their number (you can also just use their name).

Place a ball in the middle of the circle.

The coach will yell out two numbers (names) and those players should race to the ball and try to bring the ball back to their cone.

Have the players keep their own score and the first to 5 wins.
